

PRESS RELEASE

jordans solicitors

Date: 1st July 2008

JORDANS SOLICITORS CHOOSE SENECA AS THEIR ENTERPRISE CASE AND PRACTICE MANAGEMENT SOLUTION

emis intellectual technology™ are very pleased to announce that Jordans Solicitors, a multi-discipline private practice firm with branches in Dewsbury, Wakefield and Castleford, West Yorkshire, have selected Seneca as their strategic platform for the future.

Jordans had been using Seneca within the company in their conveyancing department for 12 months before making the decision to replace their Axxia financial system with Seneca PM and extend client, document and case management across over 90 users in all parts of the business.

The support team at **emis intellectual technology™** has been providing first class levels of user support and advice to Jordans staff, and this was a key factor in making the decision to deploy Seneca across the company.

emis intellectual technology™ operates a state of the art user support desk accredited to ISO20000 – the international standard for excellence in IT service delivery.

The project team and key members of Jordans staff will manage the process of user training, systems set up and configuration, workflow development and data migration to ensure a successful project implementation.
