

## PRESS RELEASE

Schofield Sweeney  
Solicitors

Date: 1<sup>st</sup> June 2008

### **SENECA HELPS SCHOFIELD SWEENEY TO NEW HEIGHTS**

Schofield Sweeney Solicitors, the largest commercial legal firm in Bradford, are currently celebrating their 10<sup>th</sup> anniversary, their 10<sup>th</sup> year of year on year growth and their 1<sup>st</sup> year as a Seneca customer. Last year's expansion and a move to new offices for the Leeds branch has meant an increase in the number of Seneca users from [emis intellectual technology™](#).

Schofield Sweeney have also recently implemented three new Seneca modules which are now used throughout the practice.

Credit Control at Schofield Sweeney makes use of the Seneca Tasks module and Microsoft Word™ integration and allows Fee Earners and their support staff to play an active part in the Credit Control process (where necessary) while allowing the automated process to continue where interaction is not needed. This process has proved to be extremely successful in increasing both the speed of response and the value of receipts.

Draft Postings allow Schofield Sweeney's Fee Earners and support staff to request cheques and transfers and notify cashiers of receipts. It can streamline the financial processes and reduce the transcription errors which are common with paper 'chitties'.

Digital Dictation for Schofield Sweeney removes any bottlenecks in secretarial resource allowing files to be transcribed at either office, reviewed by the originator then printed and dispatched or e-mailed from either office.

Graham Sweeney from Schofield Sweeney Solicitors commented:

*“Having completed our first year with Seneca we are delighted with the investment we have made and especially impressed by the unparalleled level of support and training provided by **emis**. Seneca allows us to increase visibility of files across offices and to streamline accounting processes.”*
